

LONDON MOTOR CLUB - TEAM ENTRIES

The London Motor Club in their London Rally this year are offering a Club Team Trophy to be competed for by not more than two teams of three cars each from any club. These must be either completely novice or completely expert. We have many very experienced rally competitors in the club and it would be a feather in our caps to bring the trophy home to Cambridge, so what about it you rally people.

Anyone interested should contact Derek Prime as soon as possible.

AUGUST

As is customary the club is not holding an event during August. However ANY PERSON KNOWING OF A HILL REMOTELY SUITED TO A HILL CLIMB PLEASE CONTACT ANY COMMITTEE MEMBER URGENTLY, as this terrain is required for September.

RESIGNATION OF COMPETITION SECRETARY

It is with the utmost regret that the committee announce their acceptance of John Aley's resignation from the post of Competition Secretary which he has held for the past four seasons.

John was instrumental in obtaining R.A.C. recognition for the club and has done much to improve our status in the field of Motor Sport. Unfortunately general pressure of work was such that John did not feel he could give the job the undivided attention which this, of all committee posts requires. However we shall not be without his advice as he is of course not resigning from the general activities of the club, and the Ancient Shepherd's stocks will undoubtedly suffer from his attentions each Friday as hitherto!

The difficult question of a successor to fill the post is under active consideration by the committee and will be announced in the magazine in due course.

LETTERS AND CONTRIBUTIONS

The Editorial Committee welcomes letters for publication from any member who can write. In certain cases we will consider loaning a dictaphone or drawing book to those who cannot. Articles are also welcome and we are seldom so overwhelmed with contributions as to be unable to guarantee publication.

We are particularly keen to be kept advised of members entries in other clubs events and of course their successes in such events. We can then pass on the good news and hope this will give a philip (or is it filip)! to other folks.
