Fantasy F1 team managers 2026

Welcome to 31st great year of Cambridge Car Club's Fantasy F1 team managers competition.

Once again, the objective is to use your skill and (armchair) knowledge of Formula 1 to assemble your dream team. Regrettably this game is so life like that your funds are strictly limited and therefore your selection won't be your dream team, but the best that you can put together with the £35m you have to spend.

Yet again the values have been set using the *expert (?)* panel assembled by Cambridge Car Club. How have they done this year?
Can you find the ones they have under priced?

There will be a modest prize fund, the exact value will be determined once we know how many entries we have. However the prize fund will be about half the value of the entries received.

Entries cost £2 and must be in by Wednesday the 4th March 2026 at 23.59.

You may enter more than one team but entries will be limited to a manageable number. So, get your entries in quick.

Other groups can run an additional prize fund if they wish.

Attached are the rules for the game. Entries can be submitted

Fantasy F1 team managers 2026

Objective

To win the most points over the GP season. Fantasy teams will be awarded points according to actual race results. All for only £2.00.

Budget

Team managers have **£35m** to spend on their team of two drivers, a chassis and an engine supplier.

Funds left over from budget count as **3** points for every million.

Similarly, but more harshly, over-spends count as **18** points *negative* for every million over spent. The maximum overspend allowed is **5m**.

Team selection

Based on actual teams currently expected to start the first Grand Prix of the season, fantasy teams must not represent real combinations below:

Chassis / Engine combination

Driver / Chassis combination

Driver / Engine combination

Should a driver or engine be replaced in the season then the Fantasy team selection is deemed to have changed in similar way. YOU ARE BUYING THE SEAT AND YOUR ENTRY WILL NOT FOLLOW THE DRIVER SHOULD HE CHANGE TEAMS IN REAL LIFE.

Disputes

There will be no disputes as the organiser's decision is final, unarguable and otherwise god-like. He is also deaf!

Points are awarded for

2 * drivers 1 * chassis - (**Average of both cars**) 1 * engine - (**Average of both cars**)

The value of points are awarded as:

Finish	Points	Sprint Race	Bonuses (Drivers only)		
1 st	25	12.5	Pole	4	
2 nd	18	9	2 nd Pole	3	
3 rd	15	7.5	3 rd Pole	2	
4 th	12	6	4 th Pole	1	
5 th	10	5	Fastest lap	4	
6 th	8	3	Triple Bonus	4	Extra points for Win, pole and fastest lap
7 th	6	3			
8 th	4	2	Best improved	6	Best improvement from Grid position to finish position
9 th	2	1			
10 th	1	0.5			

Tie break

In the event of a tie, the position in the championship will be decided by the actual points margin between L Hamilton and C Leclerc

(Positive = L Hamilton higher; negative = C Leclerc higher)
